Stake Events to Be Decided at West Chester This Week-Charles Reed's Fairview Stud to Be Sold To-day-More Inprovements at Brighton Beach Track.

There will be no racing to-day, but turfmen will probably devote some time to the sale of the famous Fairview Stud, the property of Charles Reed, which takes place in the Fasig-Tipton paddocks, Sheepshead Bay, at 12 o'clock. The sale will include eleven stallions and 127 brood mares. Among the stallions are the coming sire, Knight o the Thistle; the English Derby winner and noted sire, St. Blaise: Exile, the winner of thirty races and the Brooklyn Handicap: Pessara, winner of eighteen stakes and purses: King William, a full brother to King-ston: Diablo, winner of the Brooklyn Handicap and thirty-four races, and others. The brood mares include twenty-nine by St. Blaise, twelve by Mr. Pickwick, eleven by Long Taw and nine by Exile. Then there is a full sister to Hanover, three half-sisters to The Bard, a full sister to Ramapo, a full sister to Don Alonzo, a half-sister to Yorkville Belle, a half-sister to Blitzen, a half-sister to Mendicant and others. A special train for the accommodation of turfmen will leave East Thirty-fourth street at 11 o'clock this morning, returning immediately after the

To-morrow racing will be resumed at Morris Park, America's greatest racecourse which may soon be cut up into building lots. Turfmen have been looking forward to this great meeting with marked eagerness as long list of valuable stakes will be decided and all of the best horses will compete at various times. The programme for the opening day is rich in attractions. The valuable Matron Stakes, \$6,000 added, for two-year-olds is the feature. It will be run down the Eclipse course in two divisions, the first for colts and geldings to be placed in the programme as the third race and the second for fillies to be run as the fourth event. For the former a high-class field will go to the post. As usual J. R. & F. P. Keene have a long list of eligibles the best of which are Injunction, Hurst Park, Sir Launcelot and Gimerack, F. R. Hitchcock will probably start Grey Friar, the St. George-Una B. colt that won so handsomely at Saratoga though he has yet to meet the best youngsters on the local tracks. Whitney & Duryea will start Acefull, the Mirthful-Myrtle Harkness colt, who is regarded by many as the best two-year-old of the year. Irish Lad is not eligible, according to the Irish Lad is not eligible, according to the Morris Park stake book. August Belmont can send Mizzen. Fire Eater. Oarsman and Lord of the Vale to the post if he cares to. S. S. Brown will be represented by Blue Ribbon, a full brother to Blues and Blue Girl. J. E. Madden's eligibles are River Pirate and Onatas, the Top Gallant colt he purchased recently from J. W. Schort. The Goughacres Stable may start the crack colt Athel, who when fit is a flyer. Altogether it looks as if there would be a race of great interest to the public in this part of the stake. In the filly division it is probable that the starter will handle L. V. Bell's Lady Albercraft who won two stakes in succession to the mud. J. R. & F. P. Keene's Duster.

the stake. In the filly division it is probable that the starter will handle L. V. Bell's Lady Albercraft who won two stakes in succession in the mud. J. R. & F. P. Keene's Duster. Mrs. L. Curtis's Eugenla Burch, W. C. Whitney's Intervention, Jacob Worth's Mamie Worth, J. E. Madden's Merry Reel, the Pepper Stable's Kentucky Rose. Fleeing Venus and Love Note, and others.

An additional feature will be the historic Jerome Handicap for three-year-olds at a mile and a quarter over the hill. It is possible to send a great field to the barrier. L. V. Bell's Hermis and Col. Bill are botheligibles, either of whom will carry a barrel of public money if he starts. John A. Drake's Wyeth, winner of the American Derby, is also in the list. Then there are C. F. Hill's Gay Boy, Jacob Worth's Oom Paul, S. Sanford & Son's Caughnawaga, W. M. Barrick's Smart Set, and Perry Beimont's Numeral, to say nothing of others on the books who are eligible to start. Wednesday the features are the Autumn

for some time past. The poor steephenases at Gravesend will make the Champion all the more enjoyable for it will be run over what is probably the finest course in the United States. R. C. Hooper of Boston, who races under the name of "Mr Chamblet," won the Champion Stakes last year with Zinziber, who is again elizible, together with his stable companions, Scotch Bush, Adidaumo, Adeck, Semper Ira, Plato and Lord Chancellor. F. Ambrose Clark will probably start Jim Megibben and Rowdy, both good Jumpers, Joseph E. Widener is well represented by Fulminate, Star Chamber and Borough; R. J. Loughlin has Passe Partout and Rising Sun. Thomas W. Lawson will probably rely upon Filon d'Or and Ronkonkoma. Other good steeplechasers who may be seen are M. J. Maloney's George W. Jenkins, P. Meaney's Inspector Stevens, H. S. Page's Self Protection, H. W. Smith's Silent Friend, J. W. Colt's Woodpizeon. T. Hitchcock, Jr.'s, Bullingdon, R. Schwarz's Judge Phillips, and Henry Sand's Philma Paxton. It will be, in other words, a steeplechase worth going miles to see.

For the Nursery Handican the best elizibles are Lord of the Vale, Mizzen, Athel, Judith Campbell, Whorler, Eugenia Burch, Hurstbourne, Africander, Flying Prince, Fredistion, Whitechapel, Invincible, Blue Ribbon, Astarita, Dalesman, Duster, Gold Money, Dick Welles, Alonzo, Girdle, Payne and Acefull, For the Hunter Handicap the probable starters are Lux Casta, Lady Sterning, Huntressa, Prelona, Grail, Sparklet, Rossignol, Par Excellence and Rockwater.

This week the Brighton Beach Racing Association will issue entry blanks for a number of valuable stakes to be run in 1903 and 1904. The events will be the Brighton Junor Stakes of \$10,000, the Neptune Stakes of \$5,000 and the Venus Stakes of \$5,000 at a mile and a sixteenth—sall for three-year-olds to be run in 1903, and the Brighton Derby of \$10,000 at a mile and a half, the Iroquois Stakes of \$5,000 at a mile and a sixteenth—sall for three-year-olds to be run in 1904 and the Stakes and the Brighton Daks, each for fillies

He followed this good work up by winning two 25-bird handicaps and two sweepstake events, a total of five events out of the seven carded, and this in the face of the fact that he shot from scratch, conceding liberal handicaps to all the others.

HEGELMAN LEADS THE "PEDS." Golden Second in a Twenty-five Mile Contest for Cash.

Seven seasoned pedestrians engaged in twenty-five-mile champion-hip footrace on Saturday night at the grounds of the New West Side A. C. They were Peter Hegel-man, Peter Golden, J. Petersen, P. Trainor, Magnus Anderson, Ed Touhey and O. Driscoil For the first five miles Peter Golden, the "old sidewheeler," led the bunch at a steady gait, but facing the sixth mile Hegelman let out a link and went to the front. At eight miles the "Dutchman" overlapped Peter and maintained the lead to the eleventh mile, the time being 1 hour? minutes. At this stage Anderson, who was in third place dropped out, and Touney fell into his position. Peterson quit after he had gone eleven miles and four laps, but the remaining five kept hoofing it along with unwavering persistency.

Fifteen miles were reeled off in 1 hour 39 minutes, with Hegelman in the lead. Hegelman led Golden by about half a mile after two hours racing, in which the leader covered 19 miles and 500 yards. Trainor quit at seventeen miles. After passing the twentieth mile Golden gained on Hegelman until he came within five yards of him at the finish, Hegelman's time was 3 hours 6 minutes 33 3-5 seconds. Touhey, who was third, covered twenty-four miles, and Driscoll was fourth. In prize money Hegelman got \$50, Golden \$30, Touhey \$12 and Driscoll \$8. sidewheeler," led the bunch at a steady gait,

New World's Record for Four Miles. News reached here yesterday of a won-

derful piece of running by A. Shrubb of the South London Harriers a little more than a week ago. Shrubb has been credited with ome exceptional work on the cinder path during the past season and his chief ambition during the past season and marks of long distances anywhere from two to ten miles. This effort of the South Londoner occurred in a four-mile race offered by the Redhill Harriers on a grass track on the Redhill oval. Shrubb covered the fast mile in 4 minutes 36 1-5 seconds, the time for the two miles was a minutes 32 1-5 seconds, for three miles the clock showed 14 minutes 36 seconds and for four miles 19 minutes 36 4-5 seconds.

These figures completely dwarf anything ever accomplished in any country, whether on cinder or on grass. The best previous record on the grass was 19 minutes 44 2-5 seconds, made by T. P. Conneff at Ballsbridge, Dublin, in a match against E. C. Carter, the veteran American, in August, 1887. From 1884 to 1893 the cinder record was owned by W. G. George, but at the Paddington grounds on June 10 of the latter year C. E. Willers, a Chelm-ford man, recled off four miles in 19 minutes 33 4-5 seconds, which have since stood as the world's best figures. The world's professional record is 19 minutes 25 2-5 seconds, by Peter Cannon at the Glasgow Exhibition, Nov. 8, 1888. has been to set up new marks for long dis-

NEWS OF THE HARNESS HORSES

WHY DAN PATCH DOES NOT GET RECORD OF 1:39 1-4.

No More Racing of Village Farm Horses Fast Quarter by Three-Year-Old Fills Reported Frank Agan Not to Be Sold-The Week's Trotting Events.

Singular it seems that with so peculiarly backward a year and so few active weeks it has been conspicuous as the greatest year of extreme exhibitions known to the trotting turf since the early days. The one regrettable incident appears to have been the great effort of Dan Patch at Readville two weeks ago not having constituted a genuine record for the matchless pacer. Until last week it had been supposed that Patch started to beat his record of 1.59%, made at Providence, and so shared the throne with Star Pointer. Now, it appears, he was to have "beaten 1.59%," Star Pointer's record, and having equalled it it does not constitute a record-it was a losing performance. The matter of beating "two minutes" of itself seems all important and, reduced to feet, both Star Pointer and Dan Patch paced a trifle in excess of 44 feet a second.

The question has of late often been asked, 'What is Dan Patch's record and where 1:59 or 1:59°, against his own record. Dot less McHenry intended starting against own record and had no idea of starting wh record and had no idea of starting "o eat" 1.50%. Mr. Sturgls, owner of Dan arch, hopes for a favorable day at Memphis, ut there have been few days of late on which o work the wonderful young stallion, and so hardly appears possible he will get to 1.50%, his year unless kept South beyond the regular

it bardly appears possible he will get to 1:59%, this year unless kept South beyond the regular season, as was Ralph Wilkes in 1894, and Kremlin in 1892, for that especial purpose, reaching championship figures under favorable conditions.

Next season it is said Direct Hal, 2:04%, Geers's unbeaten pacer by Direct, is to be retired to the Village Farm stud and not a horse from the big farm at East Aurora again to be raced. Supt John Bradburn, for thirty five years head of the establishment, has been at death's door for many weeks following an operation. C. J. Hamlin is now an old man and his two sons are in business. In future, having to date produced more 2:10 performers than elsewhere bred, Village Farm stock will merely be developed and sold without records to purchasers who may race or road the horses as the case may be. Geers will never leave Village Farm so long as the elder Hamlin lives, as the great trainer has so completely revolutionized matters there, made the farm world-famed as the nursery of the age, and so endeared himself to the millionaire owner that he will likely receive the \$8,000 he now draws even should he be privileged to make the Grand Circuit with horses he may himself own and desire to race.

At White Plains last Saturday Daniel W.

At White Plains last Saturday Daniel W. Maloney, the well-known horseman, said that a three-year-old filly he owns by Oro Wilkes, 241, dam Suisun, 2484, by Electioneer, paced the last quarter of a 2485, working mile at the Bonner farm track recently in 294 seconds. Years ago Suisun was sold at auction in Cleveland to John E. Madden by the late J. B. Houston of this city for \$10,100, and her filly by Kentucky Prince—Jeanne to C. F. Emery for some \$6,000 for brood mare usage. Jeanne has since produced several very fast troiters and is in the great broodmare list. Maloney intended to try his hoppled pacer King Charles, 2084, against the White Plains track record of 2504, held by his former star, Dan M., 2094, but the track was too heavy, and, too, the horse short of fast work because of recent rains. Dan M. has been purchased for matine's by Howland S. Russell of Boston, owner of Miss Whitney, 2084, and other fast ones.

has been purchased for matine is by Howland S. Russell of Boston, owner of Miss Whitney, 20815, and other fast ones.

N. W. Hubinger of New Haven has corrected the item, which gained extended circulation, as to selling old Frank Agan, 2032, to a Detroit party for the matine is and says the big son of Mikeagan will never leave his present quarters and only do road service to cutter in the winter as long as he lives. Many have made offers for the horse and doubtless he would become a star.

This week the troiters gather at Lexington, where each year the Kentucky Futurity for three-year-olds and the Transylvania Stake for 212 troiters are the features, together with several others that have been red-letter events covering many sassons—the West, Johnston, McDowell and Kentucky Stakes. For nine days this meeting lasts, followed by the wind-up at Memphis. In the East the Danbury Fair at Danbury, Conn., is conspicuous always and a leader in this section. Other racing points are. Glens Falls, where, over the mile track formerly in the Grand Circuit, nearly all the near-at-hand horses will start; and Mount Holly, N. J., where there is a meeting of three days. New England tracks are closed because of the anti-pool laws, although a number of meetings were scheduled. Next week Parkway's last meeting of the season takes place and a matine on Saturday, if pleasant.

A. C. Fiske said yesterday he would let Bob Dayis winter Coney, 202, at Columbia, A. C. Fiske said yesterday he would let Bob Dayls winter Coney, 2.02, at Columbia

Bob Davis winter Coney, 202, at Columbia, S. C., where the Long Island trainer always holds forth. Coney's defeat by Bessie Ponehill, 2052, did not discourage Mr. Fiske, and he explained it by referring to the mare scoring him so frequently, Coney pulling to get away all the while. Once away the black pacer stepped over to the half in 1012, and the second quarter in 292, seconds.

Relative to the Fisher entry, Miss Carney, starting at White Plains on Friday last, it should be stated that the expulsion of F. S. Fisher was modified to a heavy fine by President Johnson and temporary reinstatement. Many who knew Fisher to have been expelled at Newburgh thought he should not start his mare. A letter from Secretary Gocher was in the stand advising the association to let the Fisher entries start. Prior to this Fisher entered his horses in his wife's name.

Every one who visited the Westchester County Horse Show last week wished it could be held at the Empire City Park. A single track line makes it fully as hard to reach the fair grounds at White Plains as the Empire City track, and stabling is far inferior at the up-country site.

The last scheduled game of the champion-ship series of the New York Cricket Associaship series of the New York Cricket Association was to have been played on Saturday between Essex County and Newark at Branch Brook Park, Newark. Both teams were on hand punctually, but it was decided not to start the game on account of the rain and wet grounds, and it is a question now whether the match will be played or not.

The contest for the championship of the association is in an interesting condition. Columbia Oval is in the lead, but should Essex County win the one remaining game that has still to be played it will tie the leaders for first place. Following are the records:

The Bay Side Hunt.

Bay Side, N. Y., Oct. 5—The first hunt of the new Bay Side Hunt Club was held yesterday. The start was made at Douglaston and the trail led through the "Alley" over to the Oakland Golf Club links and thence through a woodland into Bay Side. Clarence H. Robbins, on Beaufort, was master of hounds, while Henry L. Bell, Russell Grace and Lawrence Smith kept well up during the entire journey. The two young women, Miss Emily Bell and Miss Potter, who accompanied them were conspicuously in front. They negotiated some high walls and fences and Miss Bell took a daring leap across a wide brook near the head of Lakeland Lake. The Bay Side Hunt.

Four More Tournaments Will Start Tonight in Manhattan. In addition to the four tournaments which

began last week in Manhattan borough, four more will be started to-night and one on next Saturday. Those which will open their season to-night are the Harlem League, New York League, Commercial League and Arcade Head Pin tournament, and on Satur-day afternoon the Wholesale Drug Trade Association. The North Side League wil open the season for tournament bowlers in The Bronx to-night. Although the weather was not cold enough last week to drive the powlers indoors large crowds witnessed the different tournament 'games and the alley managers are wondering where they will place the people later in the season. The crowd which witnessed the two match games which were of little importance at the new Riverside alleys on last Wednesday night was a record breaker and only goes to show how many more persons have taken to the game than last season. One of the most important tournament games to be rolled during the season will be played on next Thursday night, when the Metropolitans and Algonquins meet in the American National tournament. These two teams are the strongest in this vicinity and the knowing ones expect them to be factors for the championship.

With an even run of luck the Spartanteam seems strong enough to land one of the leading prizes in the American National tournament. W. Gerdes, F. Gerdes, Dumas, Kahlsdorf and Lehrbach are the five selected to play.

Wilckens, Schroeder, Bullwinkle, Schwacke and Steffens will represent the Orchard club in the Columbia League tournament.

Nearly 100 teams are entered in the Arcade tournament. The following will roll on the first five nights: Oct. 6-Our. Cavill Swims 100 Yards in 58 3-5 Seconds Richard "Splash" Cavill, the Australian wimmer, performed an astounding piece of swimming in the English Southern Counties' Championship, held at the Hornsey Baths on Sept. 25. The Antipodean won the 100-yard invitation race in the marvellous time of 53 3-5 seconds; in the one effort he knocked out all provious records, amateur and professional. The best previous record was 1 minute flat by F. V. L. Lane on July 24 last. The Horn sey Baths measure 44 yards in length. But the most surprising thing about Cavill's feat was his style. He adopted a stroke entirely new to the English critics. He kept his head entirely under water and extended his arms low in the water. His leg kick was a revelation and was a sort of a cross between the "trudgeon" and the English racing stroke. Cavill covered the first length, 44 yards, in 23 3-5 seconds, and the 88 yards in 51 1-5 seconds. on Sept. 25. The Antipodean won the 100-

IN THE FOOTBALL WORLD.

PROFESSIONAL GAME MAY BE INTRODUCED HERE.

Its Adherents Say It Produces Better Leads Big Eastern Teams in Number of Points Scored Progress of Elevens.

in this country to the amateurs, with the é lat but it is almost sure to cut much more of a figure in the course of a year or so than it does now. The entering wedge toward mak-ing the professional game a very popular fall pastime already has been driven in. The only professional league in existence now embraces but three teams, two in Philadelphia and one in Pittsburg, but there is plenty of room for expansion and those interested in the professional teams are planning ex-pansion. They have their eyes on New York and Chicago. Connie Mack, the manager of the pennant winning baseball team of Philadelphia, is also manager of one of the Philadelphia football teams, and he said the other night that it was hoped to have a professional eleven in New York next fail. If grounds can be found the team will soon be forthcoming. It may sound like heresy to say that professional teams can play the game better than Harvard, Yale, Princeton, &c., but nevertheless there are those who follow the game closely who declare that such is the case. By this they mean that conditions being equal as to coaching and Pactice the professionals excel the collegians. Their reasons are simple. The professionals are more matured. Having the advantage of a few more years between the 20 and 30 stages they are bigger, stronger and faster—better all around phy sically than the younger college men. Moreover, as the professional teams are being made up largely of former college players their knowledge of the game is by no means deficient and with this knowledge is maturer judgment. Such former college stars as Hale of Yale, Poe and Reiter of Princeton, Wallace and Davidson of Pennsylvania, and Crolius of Dartmouth, are to play or have played in the professional ranks. The latest recruit is "Rube" Waddell, the crack professional pitcher, who, however, has played football before. Several of the games drew big crowds last year and are expected to draw bigger ones this year. As the colleges constitute the head centre of football lore they may be more successful in supplying professional football with material than professional baseball. While few boys who go to college would care to play football professionally, enough could be found to form a nucleus for building up the professional teams. few more years between the 20 and 30 stages

Of the big Eistern colleges Yale leads so far in number of points scored with 97, and the Blue has had no trouble whatever in beating her opponents decisively. Not one of her adversaries has as yet put her strength to the test. Both Yale and Harvard, however, have been scored against, while Princeton, Corneil and Pennsylvania have clean slates. Princeton has played one less game than the other four, so her point total compares favorably with the others. Taking Harvard, Yale, Princeton and Cornell, the scores and their form combined indicate that as a whole they possess greater strength than in a number of years. Therefore, the season is unusually bright in its promise of stubborn games when these teams begin to clash. Carlisle and Lafayette also look strong, thus increasing the general strength. Of the smaller teams, Franklin and Marshall has rolled up an even hundred points to date and leads all hands hereabouts in points scored.

CUMBERLAND, Md., Oct. 5—Benjamin foot. Of the big Eistern colleges Yale leads so

and leads all hands hereabouts in points scored.

CUMBERLAND, Md., Oct. 5—Benjamin Thompson of the Martinsburg, W. Va., football team was fatally injured yesterday in a game with the Hagerstown team. He played full back, and in a scrimmage received internal injuries which the doctors say will prove fatal. He was removed from the field unconscious to the home of a physician and he cannot be taken to his home, death being momentarily expected. Thompson is 23 years old and has been married only five months. He belongs to a prominent West Virginia family.
